Overview

The Early Childhood Education and Care qualifications focus on the knowledge and skills needed to plan activities in a learn through play environment. Learn how to support children in achieving their developmental outcomes as individuals and in a group situation. These qualifications will provide you with the ability to work in a range of early childhood education settings within the requirements of the Education and Care Services National Regulations and National Quality Standard.

Allowing you to learn how to implement an approved learning framework to support children's wellbeing, learning and development. You will gain the knowledge required to design and implement a curriculum within an approved learning framework as set by current regulatory bodies.

Under the Education and Care Services National Law (2011) the Australian Children's Education and Care Quality Authority (ACECQA) publishes lists of approved early childhood education and care qualifications and information regarding regulatory requirements here: www.acecqa.gov.au
